

Conditions of Use for the CIEA BRG mouse

The research MATERIAL covered by these Conditions of Use includes the C.Cg-*Rag2^{tm1Fwa} Il2rg^{tm1Sug}*/JicTac mouse strain (also known as the CIEA BRG mouse and hereafter “BRG Mice”), any progeny, and biological materials (e.g., cells, nucleic acids, antibodies or vectors) containing the *Rag2^{tm1Fwa}* or *Il2rg^{tm1Sug}* genetic modifications, all of which is collectively the “MATERIAL”. BRG Mice are proprietary to the Central Institute for Experimental Medicine and Life Science (CIEM) (formerly, Central Institute of Experimental Animals, and as referenced herein, “CIEA”) and In-Vivo Science International (“IVSI”). CIEA and IVSI have transferred the MATERIAL to Taconic Biosciences, Inc. (“Taconic”) for distribution under the terms and conditions set forth herein. By acceptance of any of the MATERIAL, Purchaser and Purchaser’s Institution agree to be bound by these terms and conditions.

The MATERIAL will be used only by Purchaser and by individuals working under Purchaser’s direct supervision at Purchaser’s Institution and only during the time that Purchaser is working at the Institution. Purchaser and Purchaser’s Institution will use the MATERIAL in compliance with all laws and governmental regulations and guidelines applicable to the MATERIAL. The MATERIAL is made available for research solely at the Purchaser’s location and for investigational use only in laboratory animals or in *in vitro* experiments and may not be used in humans or for any other purpose.

Purchaser shall not sell, transfer, distribute, or release to any other person the MATERIAL, including without limitation the MATERIAL transferred to the Purchaser and any mice, cells or vectors containing the *Rag2^{tm1Fwa}* or *Il2rg^{tm1Sug}* genetic modifications that are generated by Purchaser. In addition, MATERIAL may not be used to make products that are distributed, sold, transferred or released to a third party.

Purchaser may not breed BRG Mice. Please contact Taconic if your research requires breeding of BRG mice. Purchaser may not further genetically modify the MATERIAL by any means.

Purchaser may publish or otherwise disclose data or results obtained using the MATERIAL. In any and all publications reporting the results and data deriving from the use of MATERIAL, Purchaser shall refer to the BRG Mice first as C.Cg-*Rag2^{tm1Fwa} Il2rg^{tm1Sug}*/JicTac and thereafter as the CIEA BRG mouse.

Purchaser shall refer to CIEA as the inventor of the BRG mice and Taconic as the distributor of the BRG mice. .

CIEA and IVSI shall retain all right, title and interest in and to the MATERIAL, including without limitation, any progeny containing the *Rag2^{tm1Fwa}* or *Il2rg^{tm1Sug}* genetic modifications, derivatives containing the *Rag2^{tm1Fwa}* or *Il2rg^{tm1Sug}* genetic modifications and uses thereof. CIEA and IVSI shall also retain all right, title and interest in its patents and patent applications and other intellectual property rights relating to the MATERIAL. No other right or license to this MATERIAL or to its manufacture, use, or sale or to any intellectual property rights of CIEA, IVSI or Taconic is granted or implied as a result of Taconic sending the MATERIAL to Purchaser.

Purchaser and Purchaser’s Institution assume all liabilities which may arise from the use of MATERIAL, and to the extent permitted by law shall indemnify CIEA, IVSI and Taconic against claims asserted by third parties arising from the use, storage, handling and disposal of MATERIAL by Purchaser and Purchaser’s Institution.

The MATERIAL is provided “AS IS”. All characteristics of the MATERIAL are not fully understood and its use may involve risks or dangers that are not fully known or appreciated. None of CIEA, IVSI and Taconic provides any warranties with respect to the MATERIAL, express or implied, either in fact or by operation of law, statutory or otherwise. EACH OF CIEA, IVSI AND TACONIC EXPRESSLY DISCLAIMS ANY IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR NON-INFRINGEMENT.

Terms Specific to Non-Profit Purchasers (excluding users at non-profit entities affiliated with a for-profit entity):

The MATERIAL will be used solely for the purpose of conducting non-commercial research studies. It will not be used for the development of any commercial purposes or on behalf of any commercial entity, including, but not limited to, drug screening, assay development or identifying targets for commercial purposes. It will not be used in fee-for-service contract research.

Purchaser and/or Purchaser’s Institution must notify Taconic and IVSI in writing and in sufficient detail of the content of any invention which arises out of the direct use of the MATERIAL (“INVENTION”) prior to the filing of any patent application, utility model and/or any other applications for the protection of intellectual property rights in such INVENTION. Taconic and IVSI shall hold such disclosure in confidence. Purchaser’s Institution shall promptly notify Taconic and IVSI upon the issuance of a patent (or any equivalent intellectual property right) to Purchaser and/or Purchaser’s Institution covering such INVENTION. Purchaser and Purchaser’s Institution hereby grant to Taconic, IVSI and CIEA a non-exclusive, royalty-free, perpetual right to use such INVENTION.
